DETAILED ACTION

Priority

This application is a 371 of PCT/IB04/00926 02/27/2004 and the claim of foreign priority under 35 U.S.C. § 119(a)-(d) to EPO 03290490.6 02/28/2003 is acknowledged.

Status of Claims

Claims 18-35 are currently pending in the application. Claims 1-17 were canceled.

Receipt is acknowledged of amendment / response filed on June 30, 2008 and that has been entered.

Claims 26-35 are withdrawn from further consideration pursuant to 37 C.F.R. 1.142 (b) as being drawn to a non-elected subject matter.

Information Disclosure Statement

Receipt is acknowledged of Information Disclosure Statement (IDS), filed on 06/30/2005, which has been entered in the file.

Response to Election/Restriction

In response to the restriction requirement, Applicants have elected Group I, which includes claims 18-25 drawn to a compound of the formula (I) and the elected species as set forth found in claim 23 (EHT 1864), is acknowledged. Because Applicants did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election **without** traverse (MPEP § 818.03(a)). Therefore, the requirement for restriction is still deemed proper.

Applicants preserve their right to file a divisional on the non-elected subject matter.

As set forth in the restriction requirement and an election of a single compound (or set of compounds), the scope of the invention which has been examined, inclusive of the elected species is as follows:

A compound of the formula (I) wherein:

R₁ is as claimed except “ B”,

R₂ is as claimed,

X is limited to sulfur atom,

Y is limited to oxygen atom and

A is as claimed.

As a result of the election and the corresponding scope of the compound identified, claims 26-35 and the remaining subject matter of claims 18-25 are withdrawn from further consideration pursuant to 37 CFR 1.142 (b) as being drawn to non-elected inventions. The withdrawn subject matter of claims 26-35 is properly restricted as it differs materially in structure and in element from the elected subject matter supra so as to be patentably distinct there from.

Objections

Claims 18-25 are objected to for containing non-elected subject matter. The claims should be amended to exclude non-elected subject matter and within the scope of elected compound.
